Engineer's report accompanying the estimate that the design for the new car is modelled on the lines of the old one with modifications in material, as per reduced cost and that as it is very attractive it would attract many visitors during the car festival and enhance the revenue. In the above circumstances the Deputy Comr. requests that the estimate may be allowed to remain as modified by him. The devotees of the temple are also said to have been consulted in the matter. The funds at the credit of the institution are reported to amount to Rs. 1406.4-9-5. The estimate has now been countersigned by the Deputy Comr.
